Needham High School

All things change in the course of time:
but those things most precious to us re-
main as they were, forever, in our memo-
ries.

Well the years are rolling by me
 They are rocking evenly,
 I am older than I once was
 and younger than I'll be
 but that's not unusual,
 No it isn't strange,
 After changes upon changes
 we are more or less the same.

— Paul Simon

Everything comes and goes,
Marked by lovers and styles of clothes,
Things that you held high,
And told yourself were true,
Lost or changing as they come down on you.

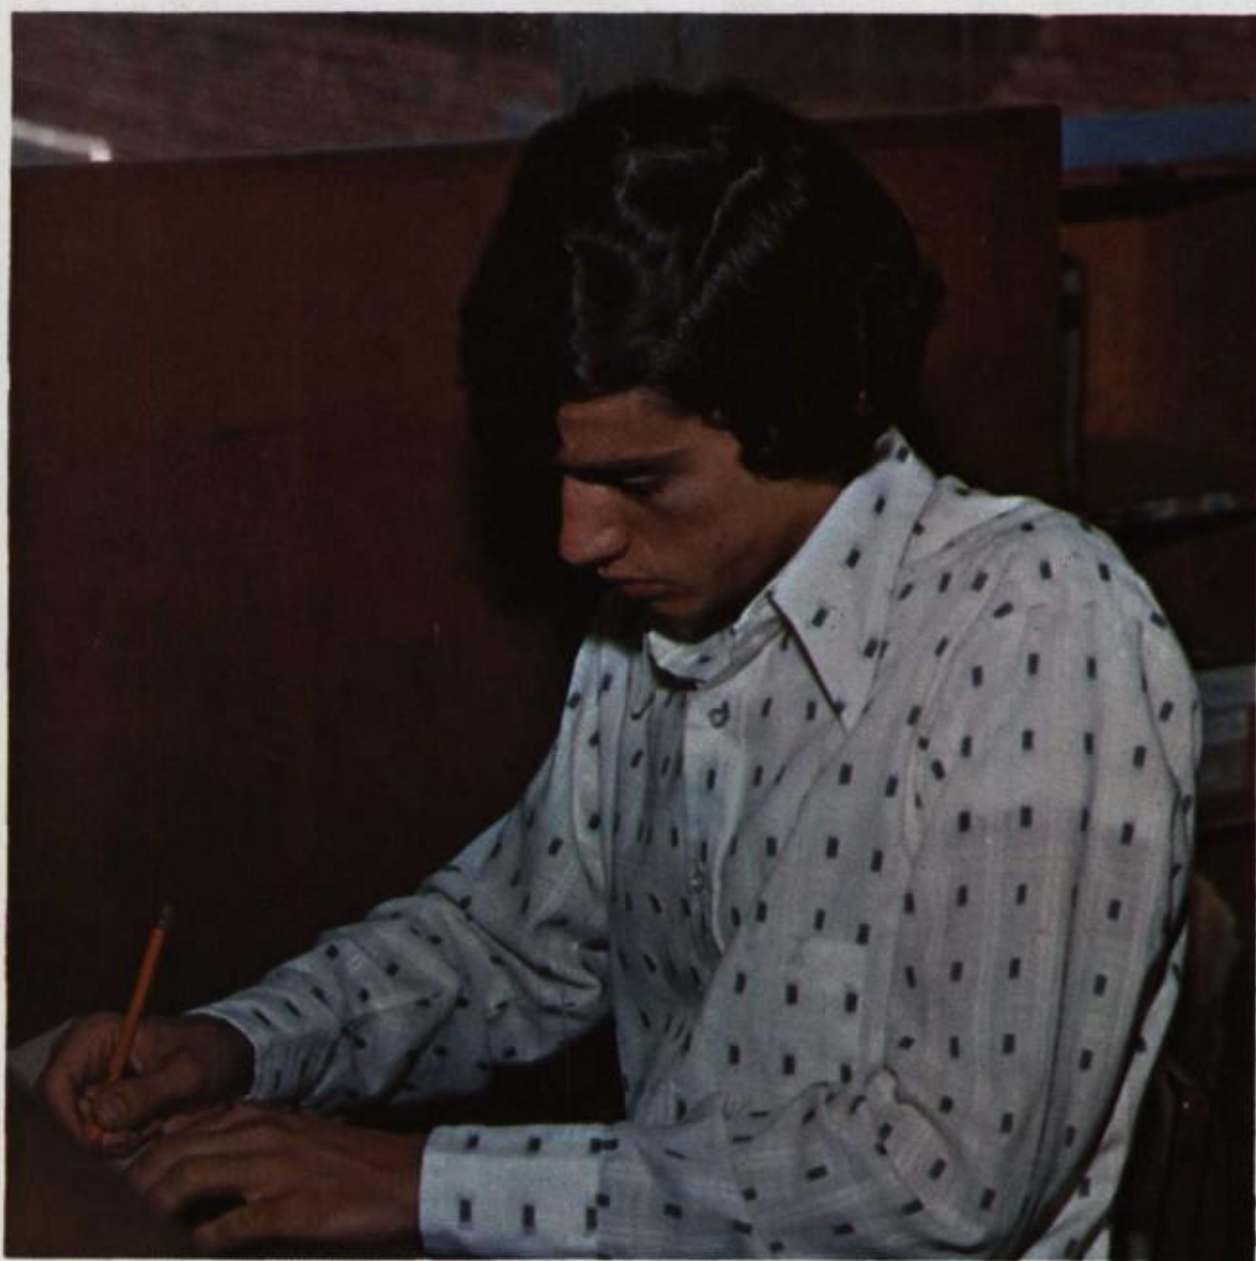

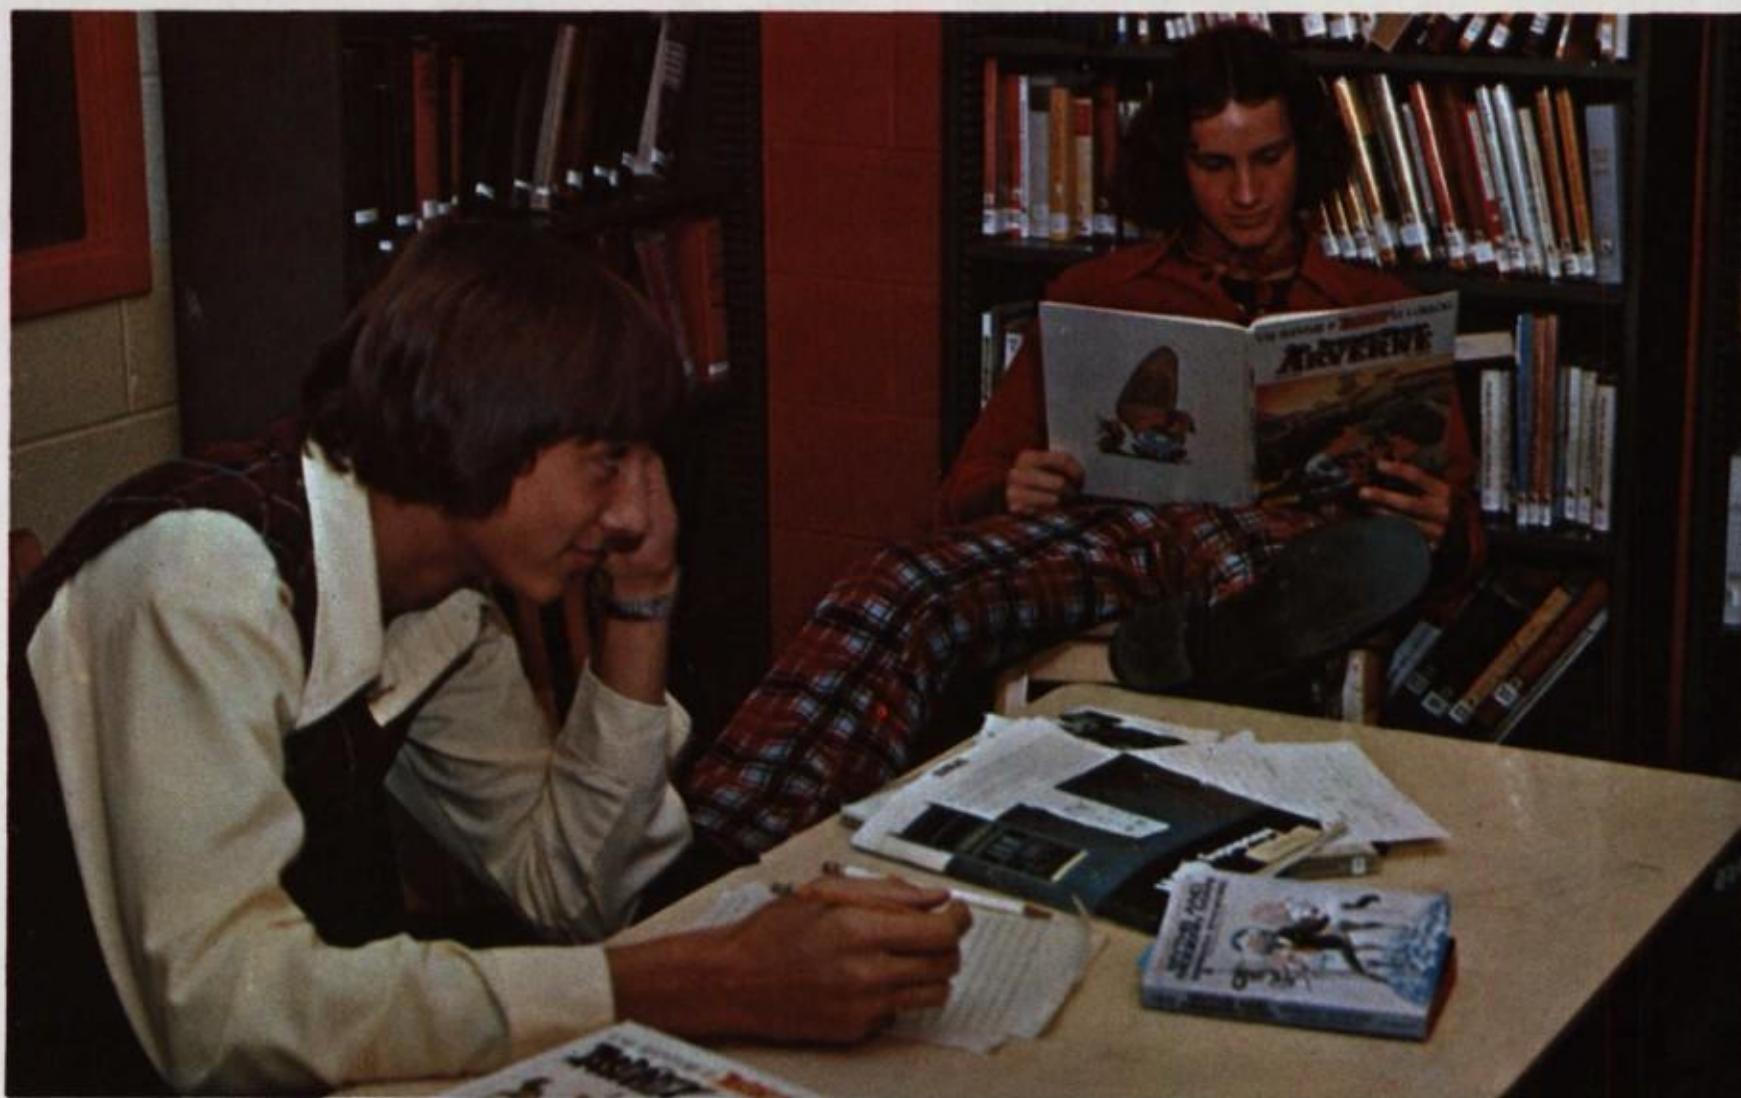

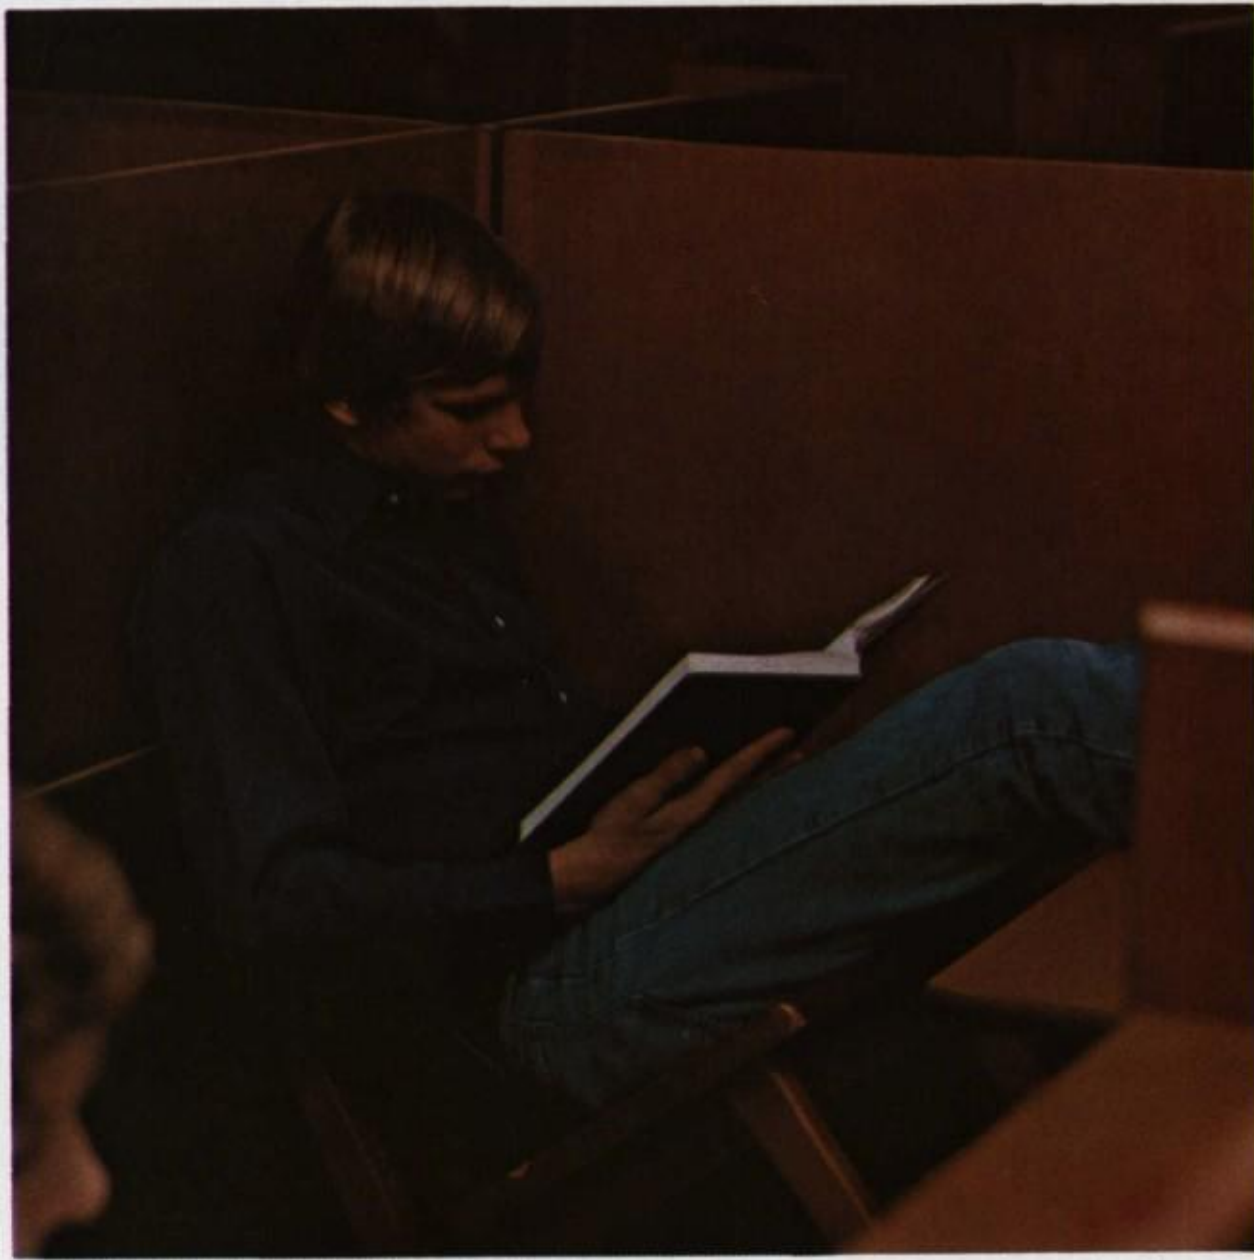

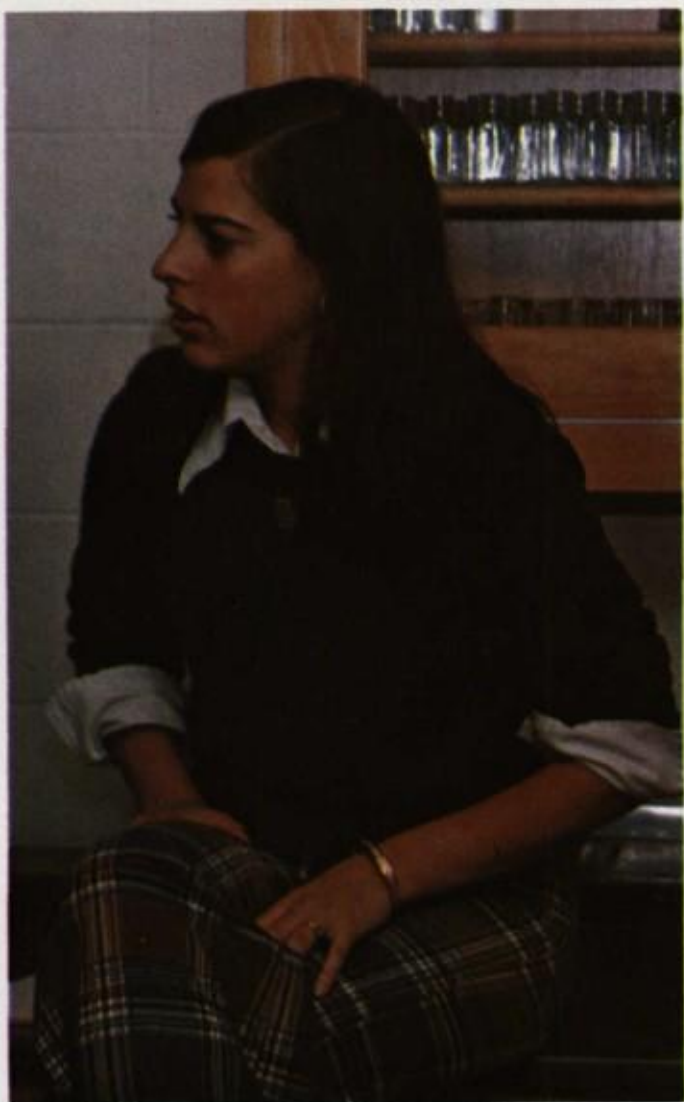

Time can't change the
friends we came to know

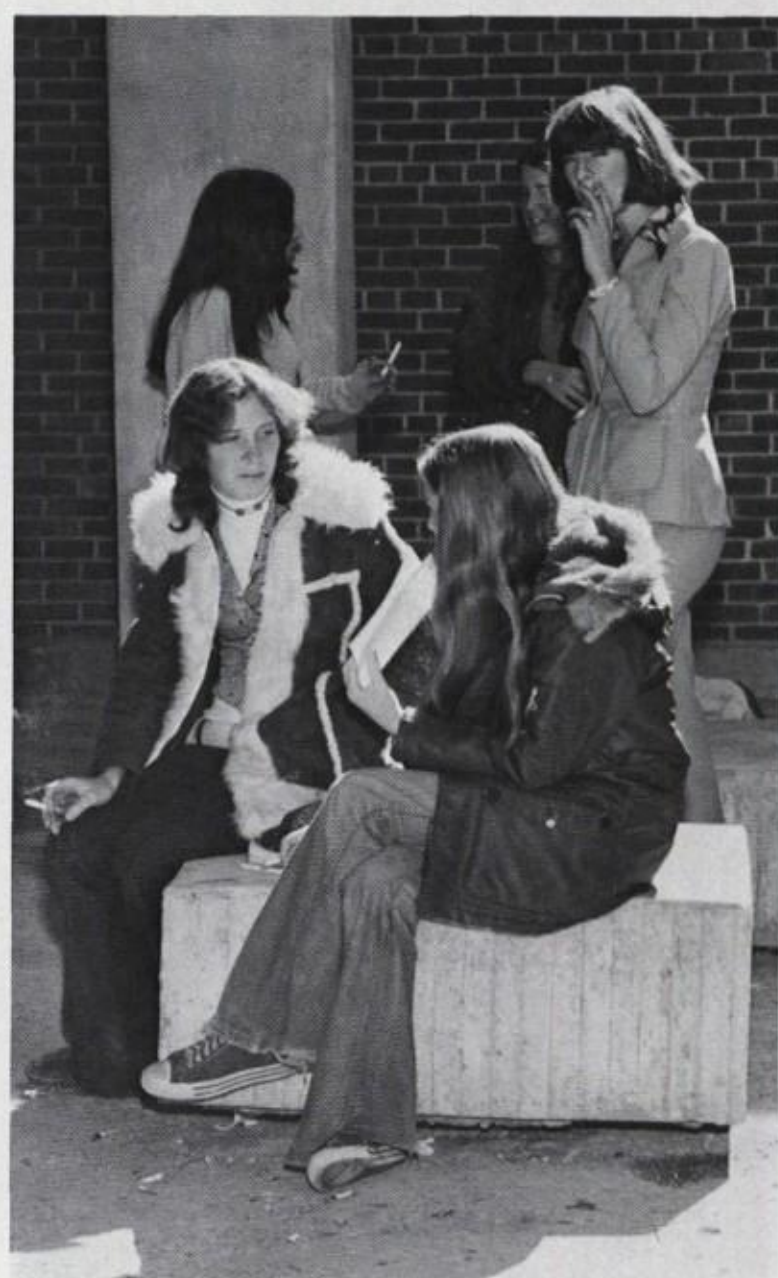

Compliments of Sorrota Club

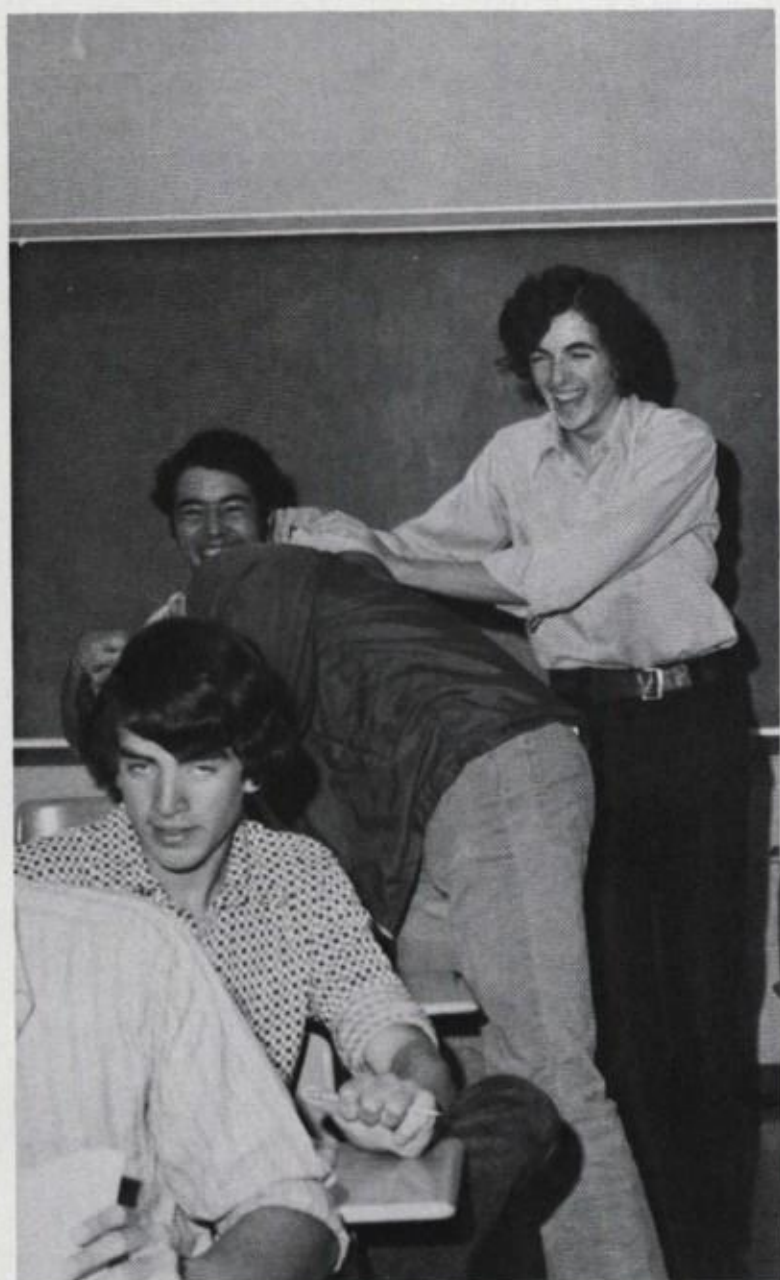

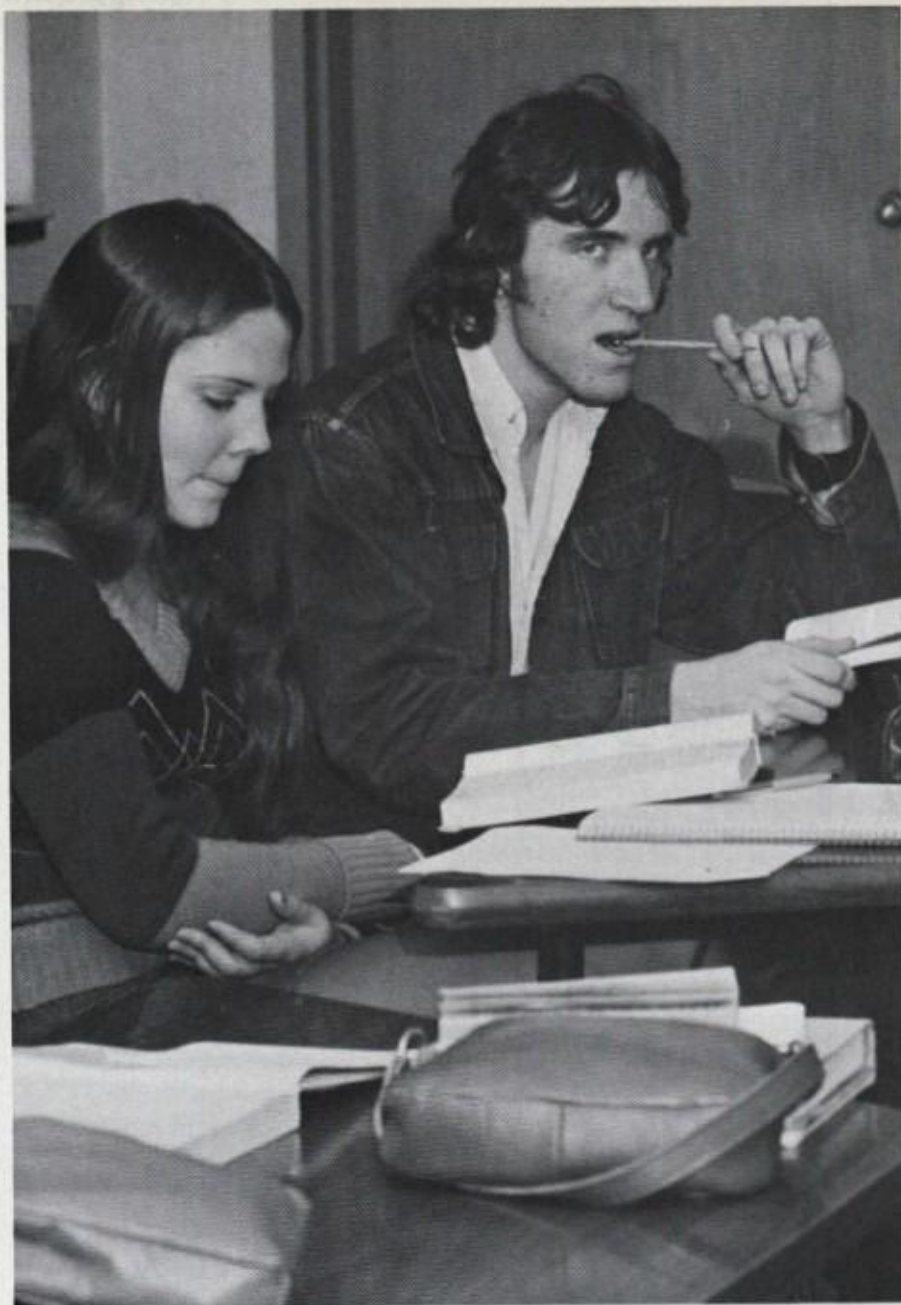

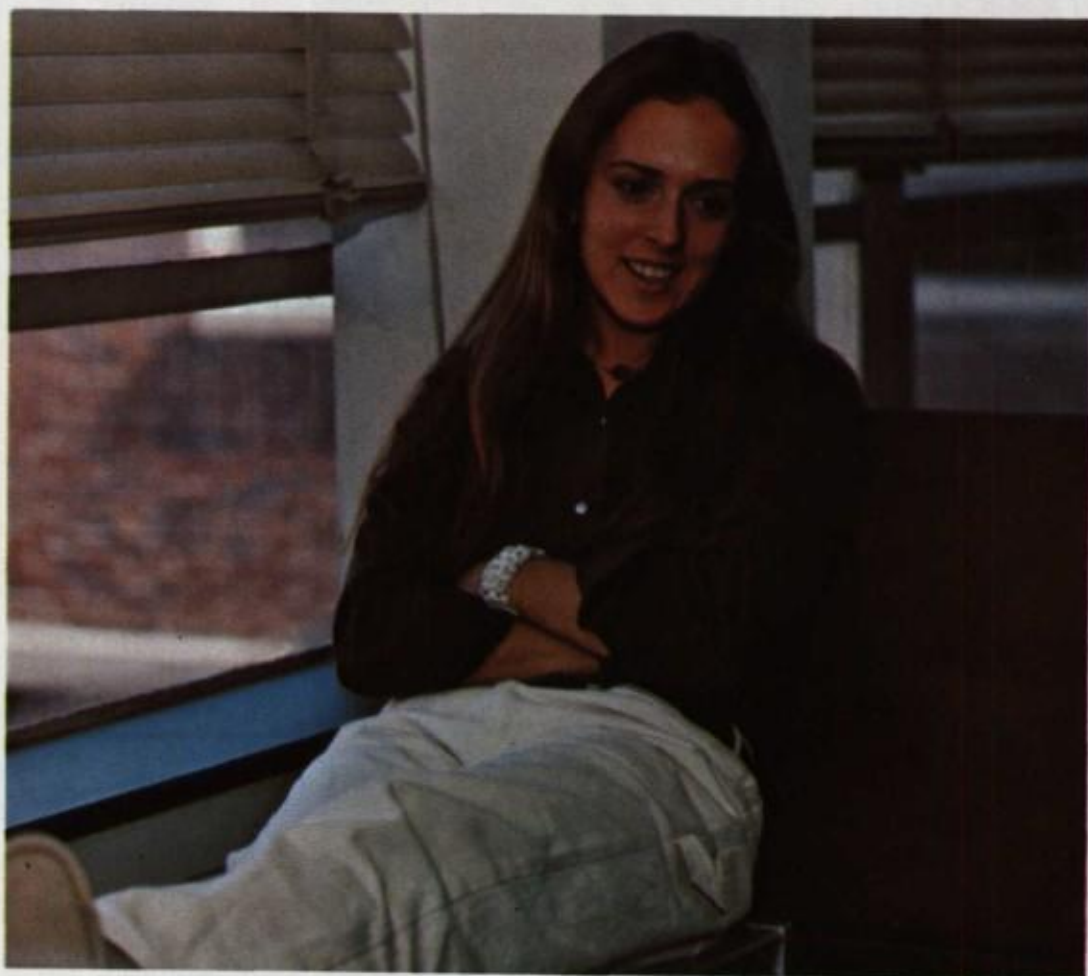

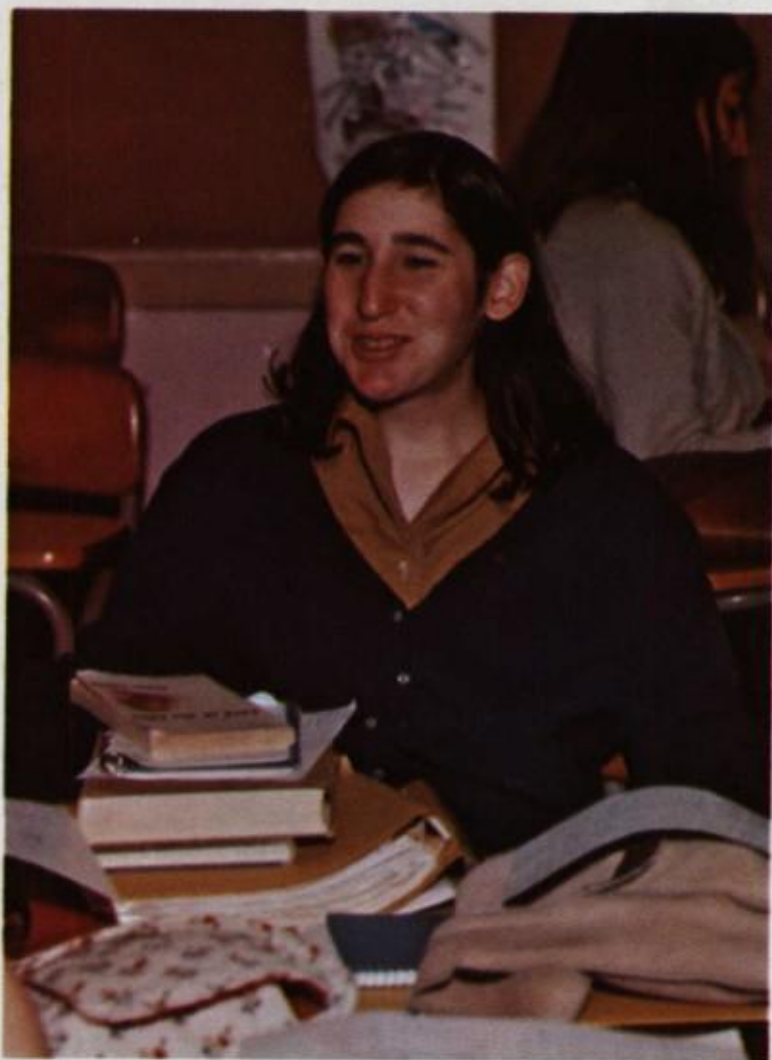

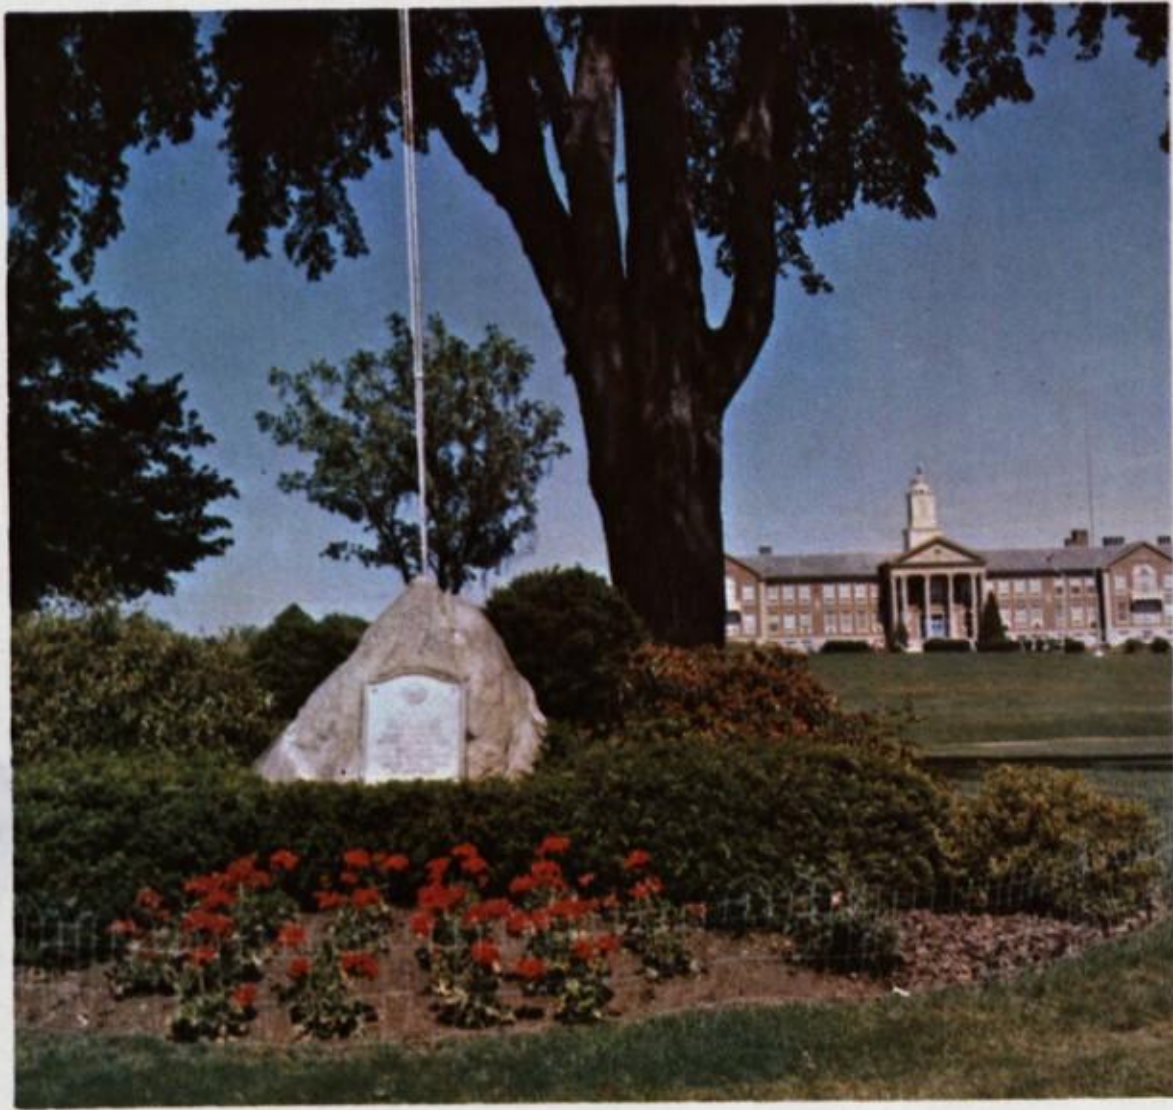

I've been going a long time now and along the way I've learned some things. I've learned you have to make the good times yourself, take the little times and make them into big times, and save the times that are alright for those that aren't so good.

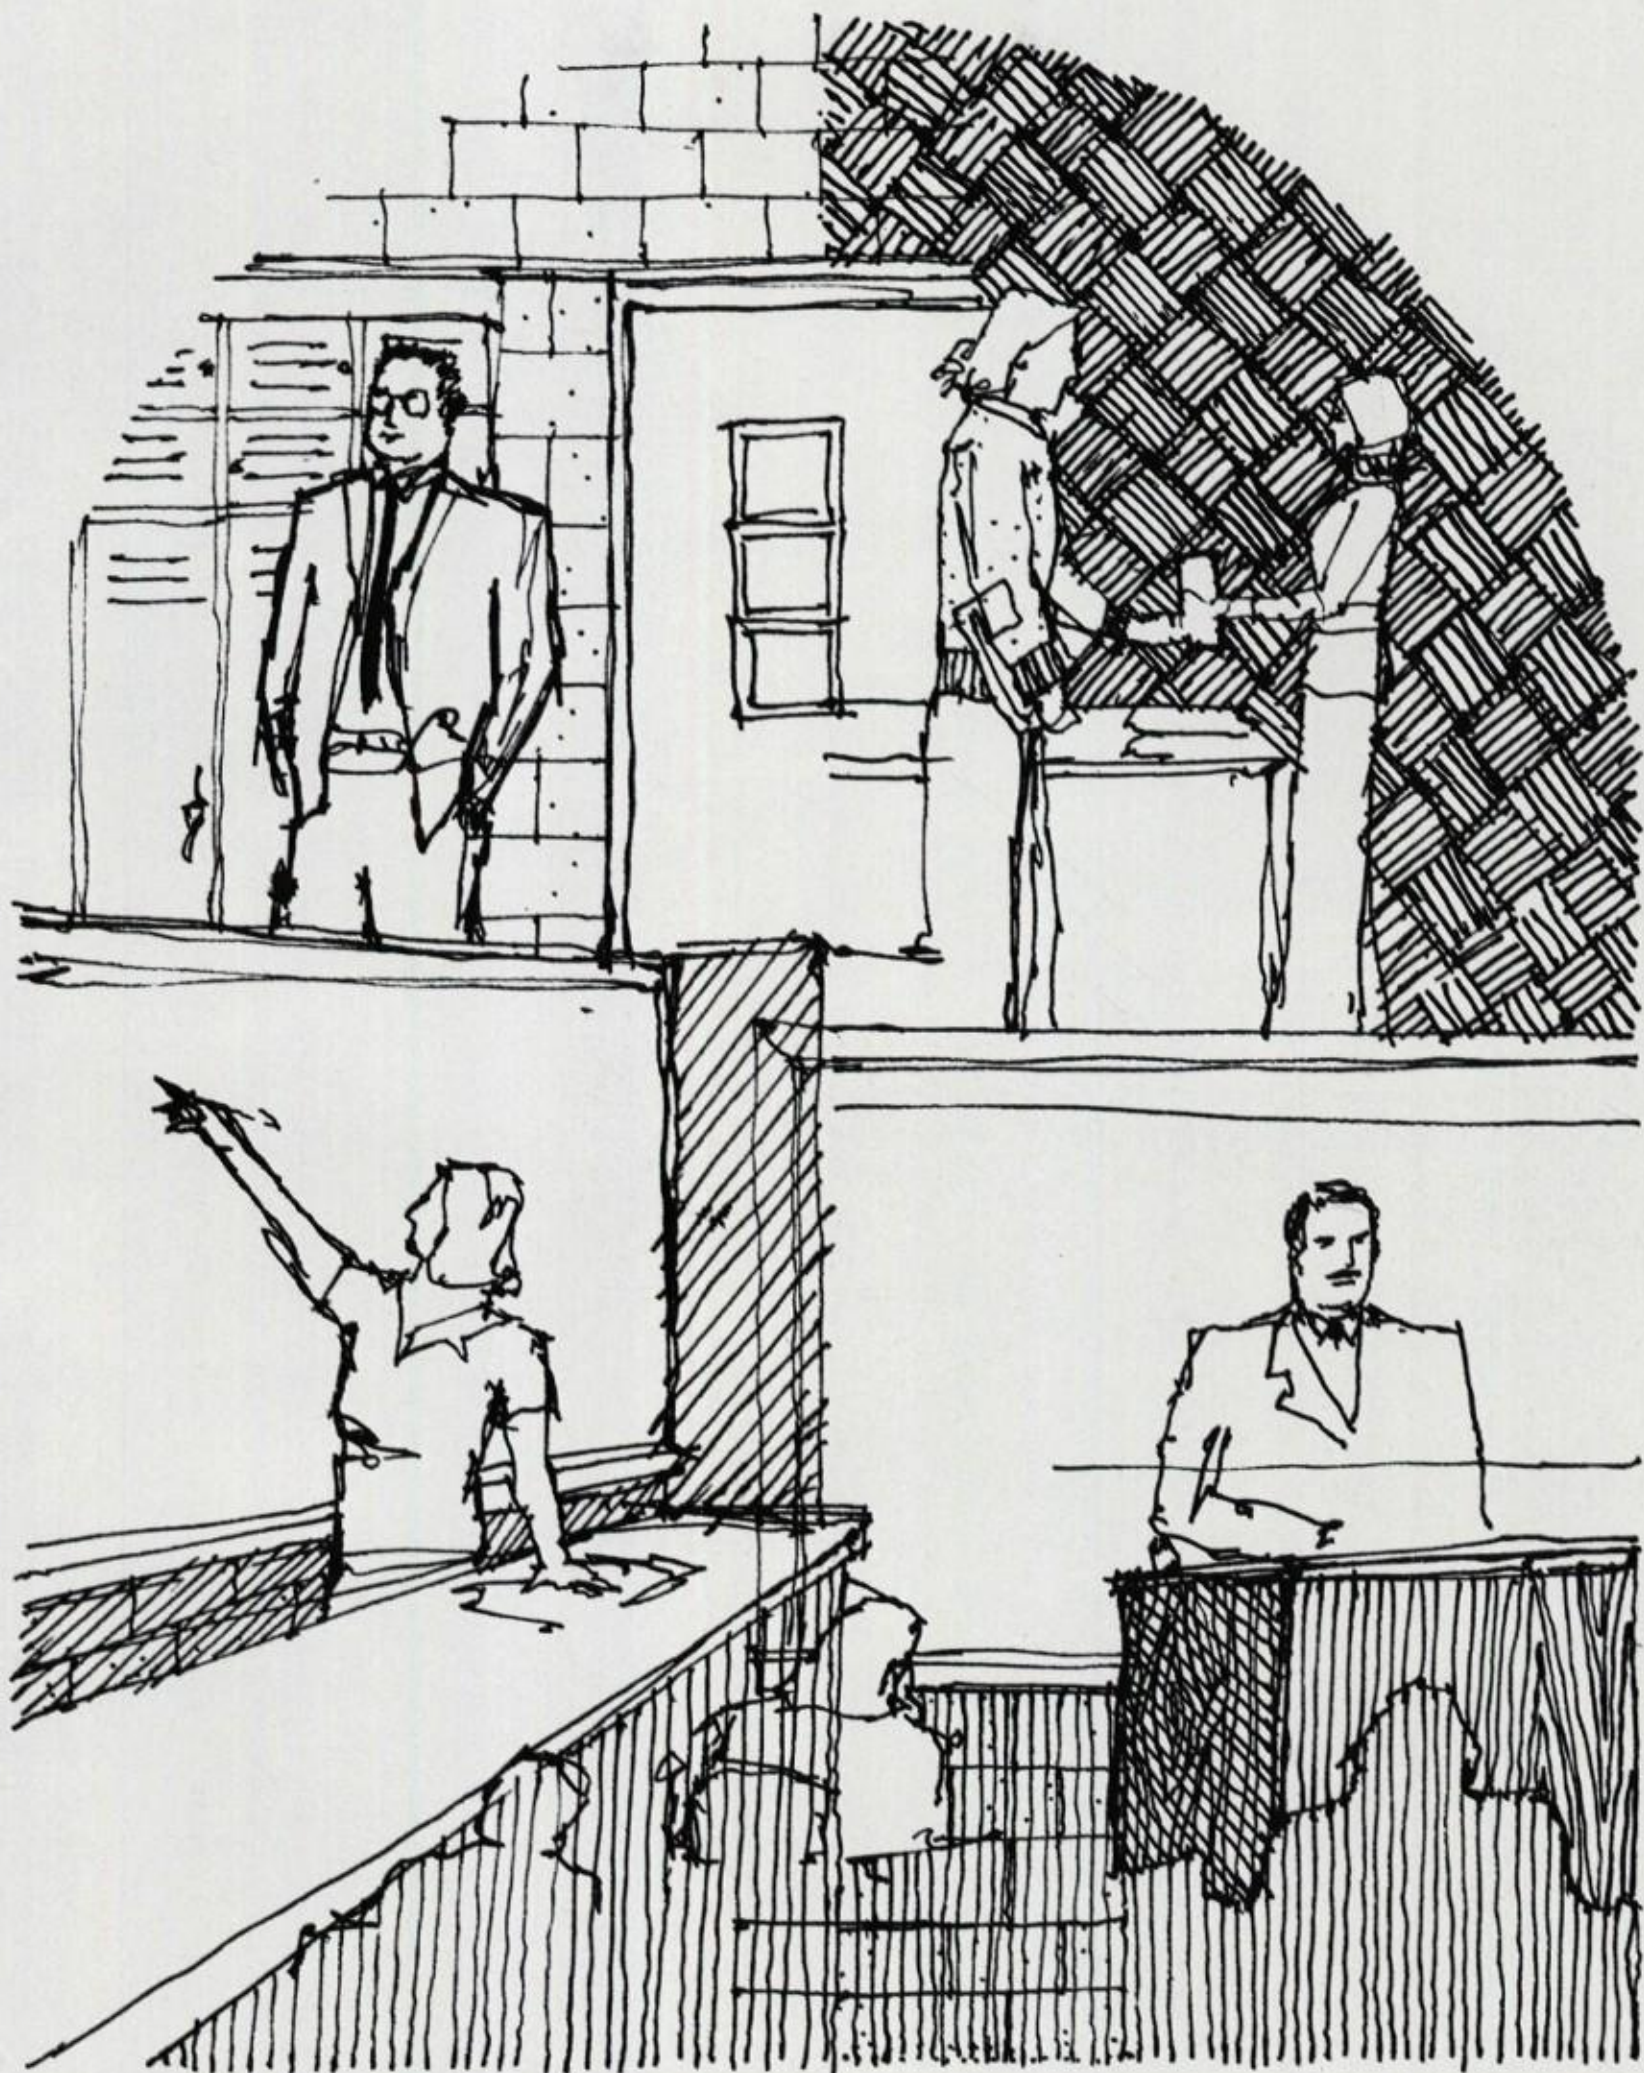

My change has been subtle. I don't feel any different, but if I look back over the years I see a contrast between the person I was and the person I am now. I've grown older, and I will continue doing so.

IN MEMORIAM

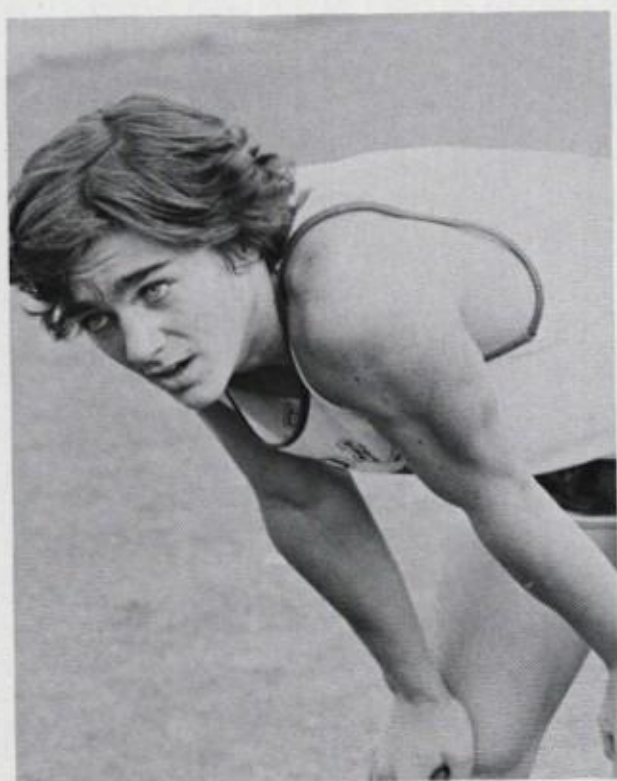

We, the members of the Class of 1975 pause at the end of our High School days to reflect with sadness upon the untimely deaths of our classmates, Gary Cullen and Ricky Funari.

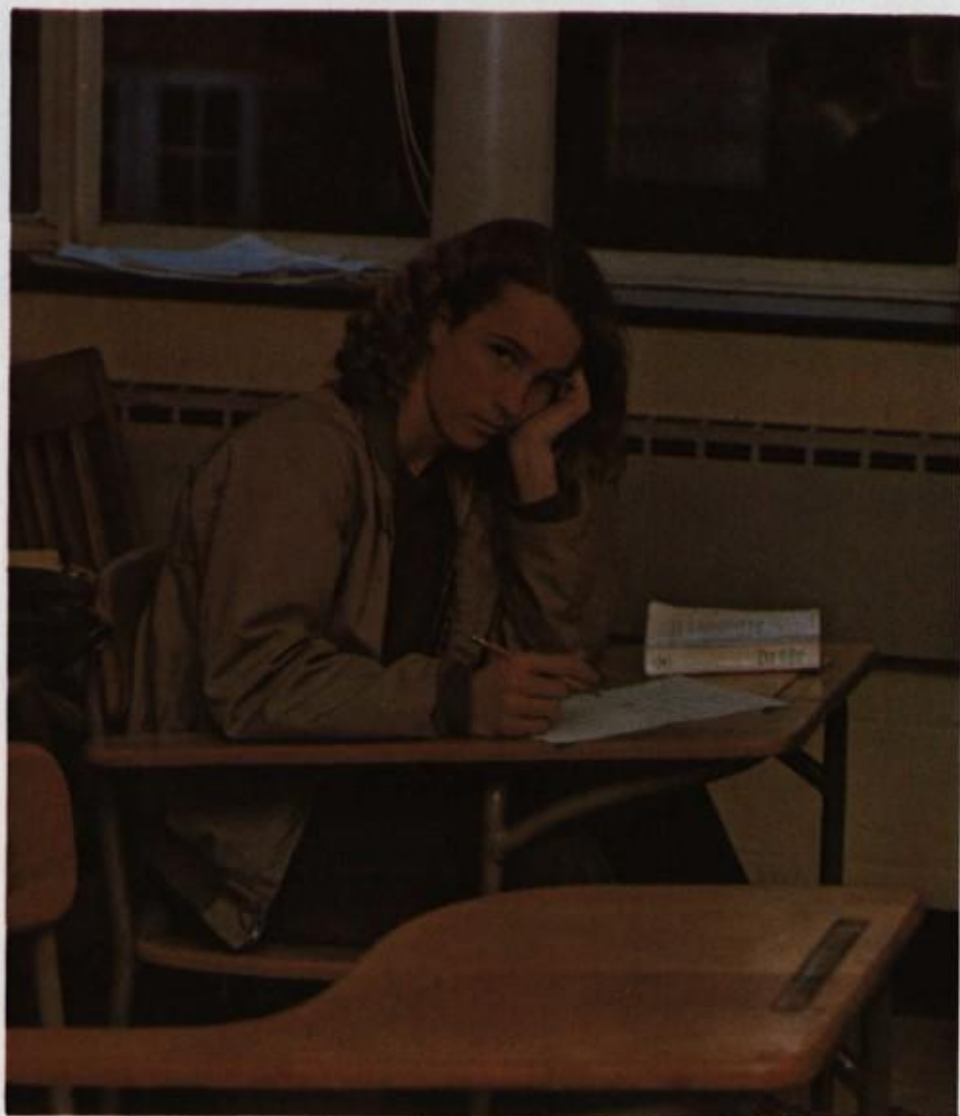

It is a time of learning and realizing that people are what they are and not what you would like them to be.

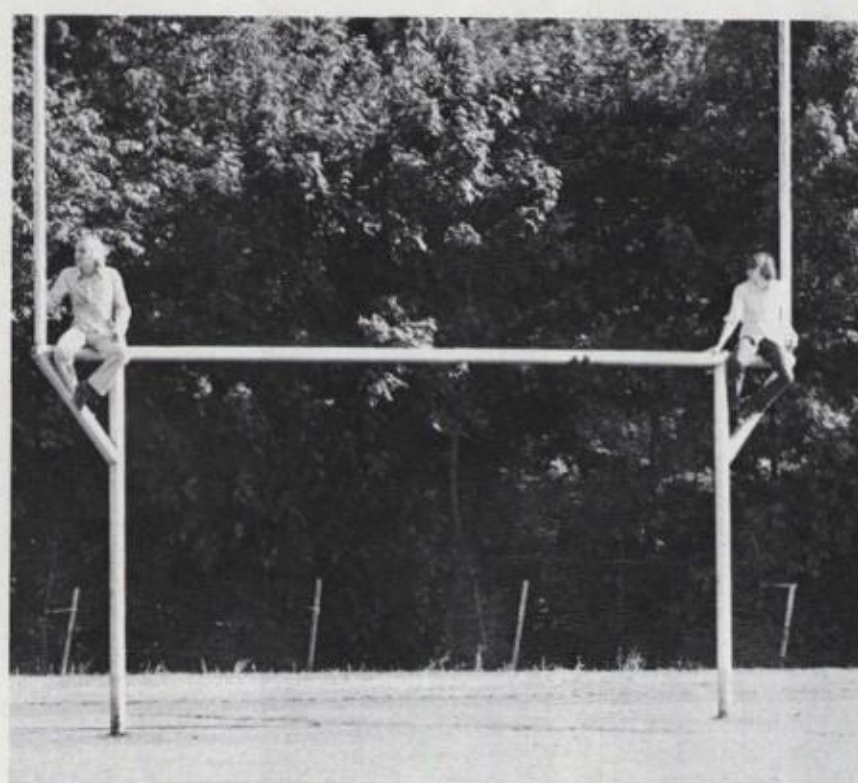

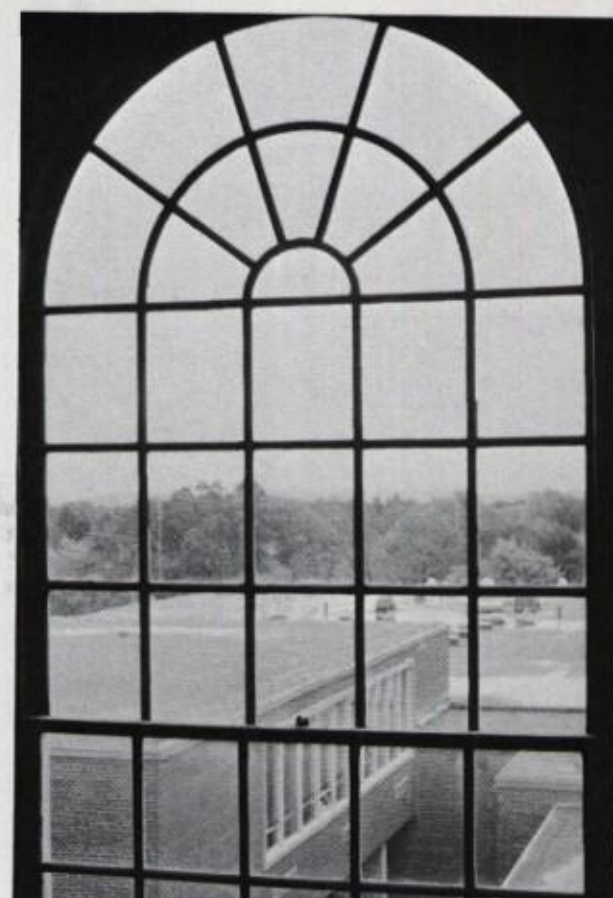

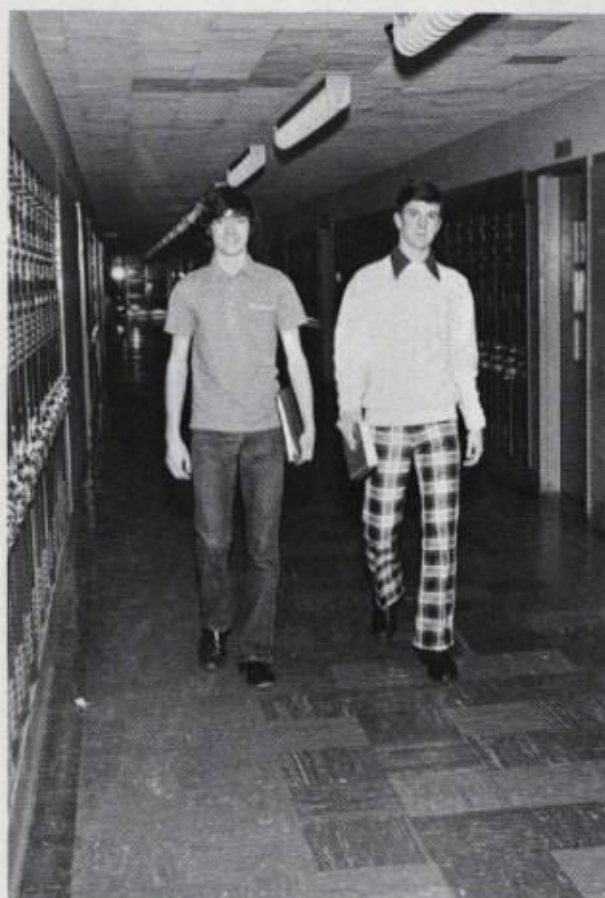

There are two paths you can go by, but in the long run there's still time to change the road you're on.

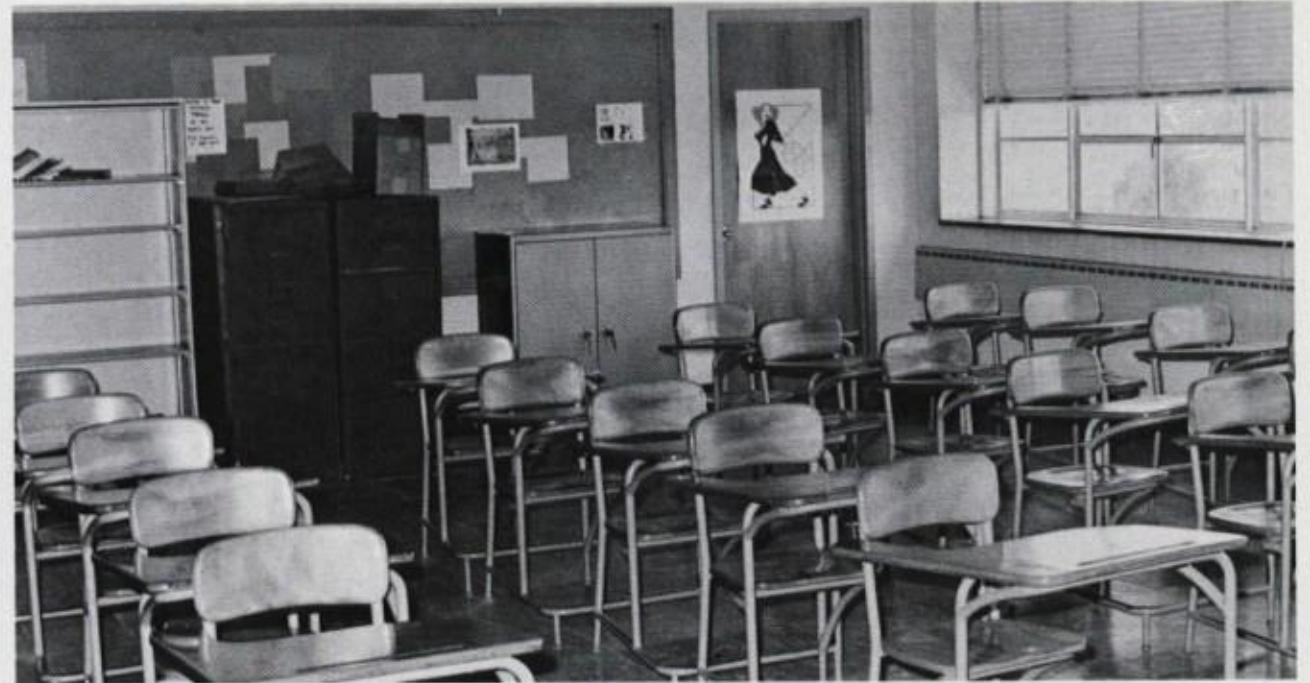

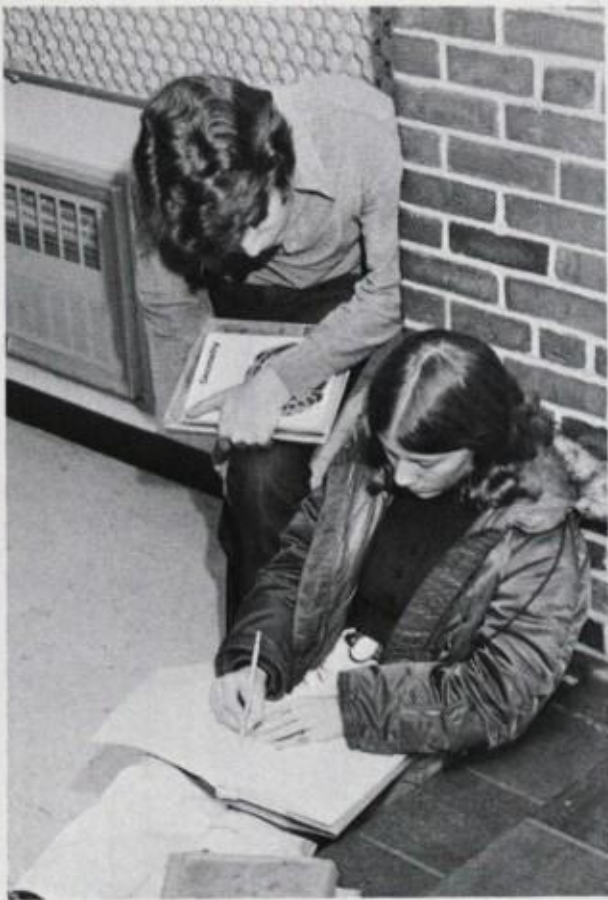

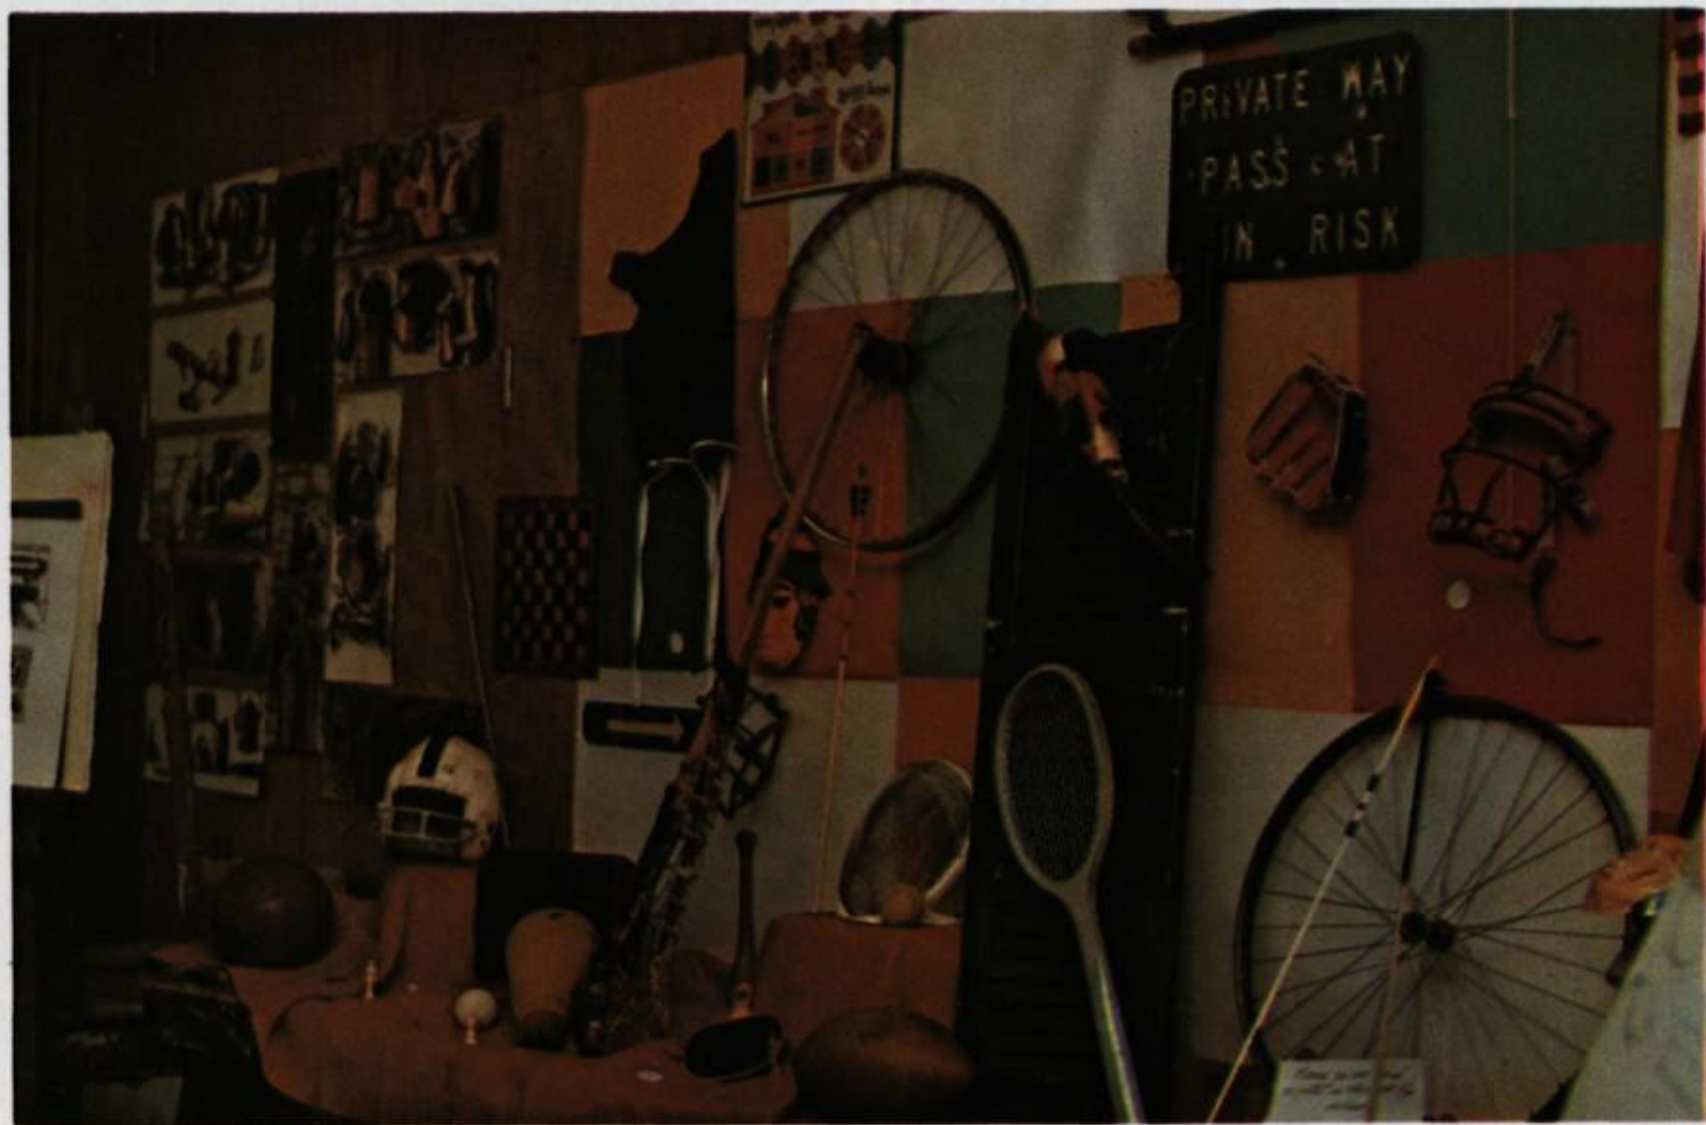

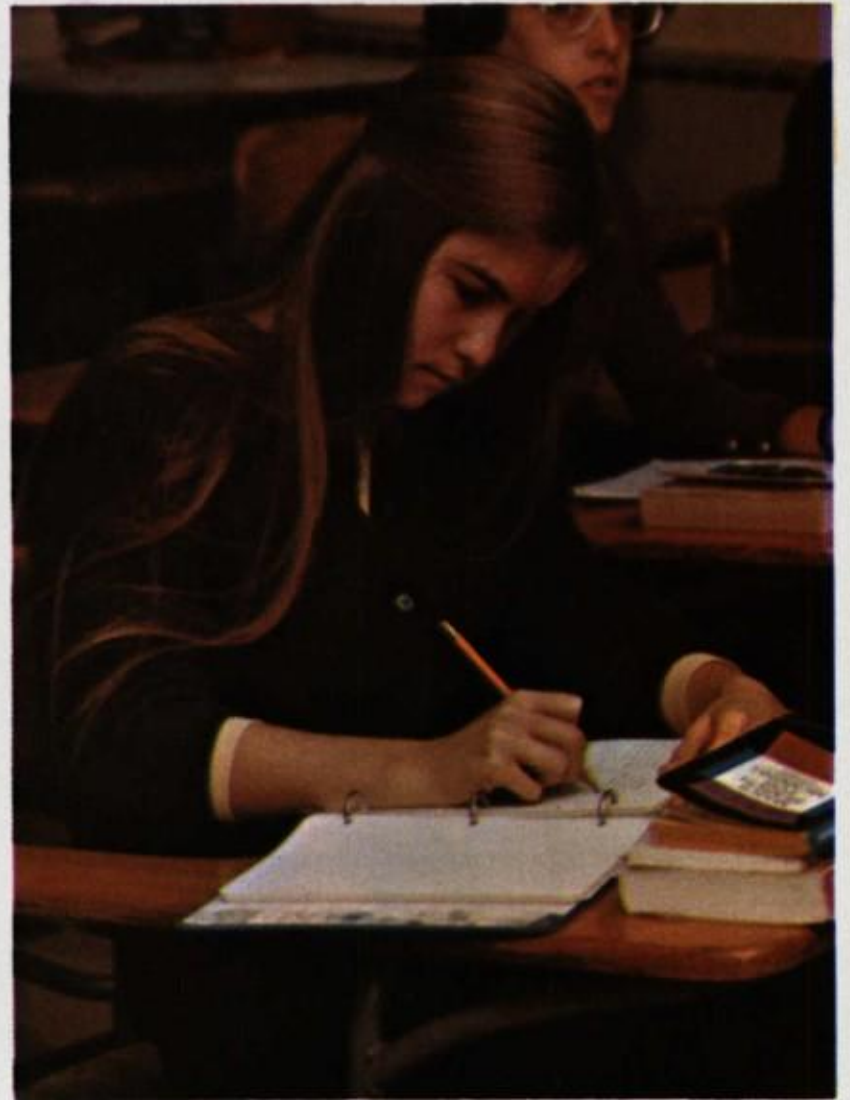

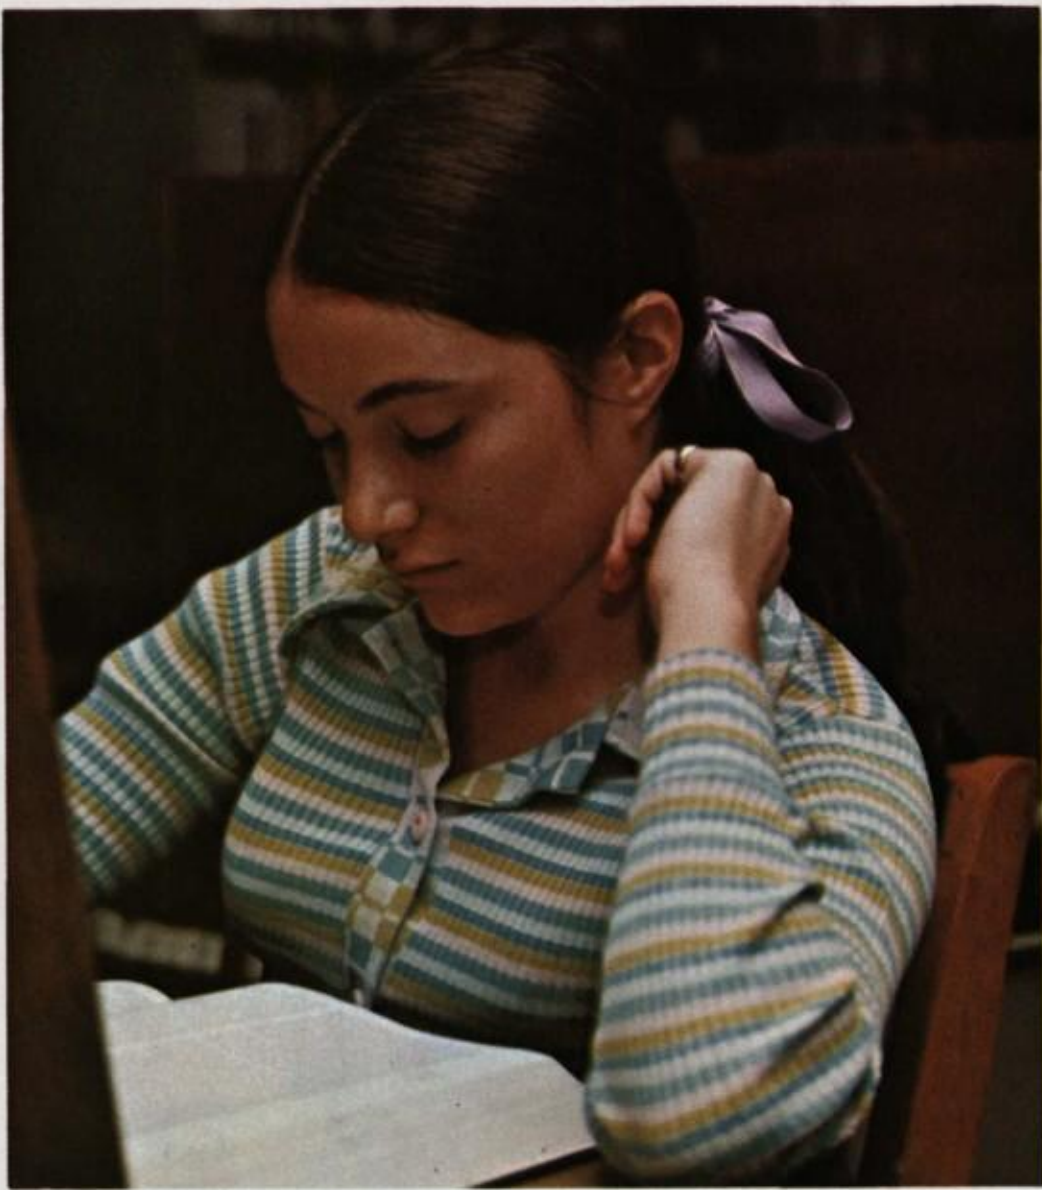

There are places I remember,
 All my life though some have changed,
 Some forever, not for better,
 Some have gone and some remain.

The seasons they go round and round, painted
ponies go up and down,
We can't return, we can only look behind from
where we came and go round and round and round
in the circle game.

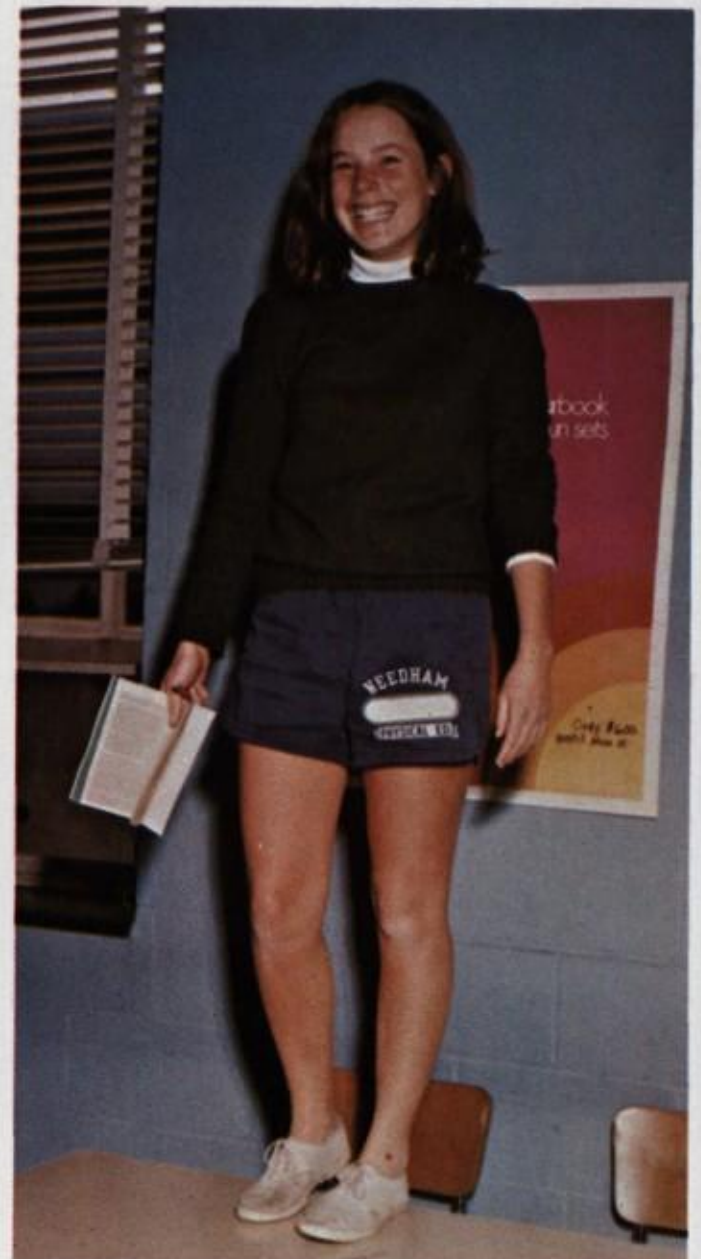

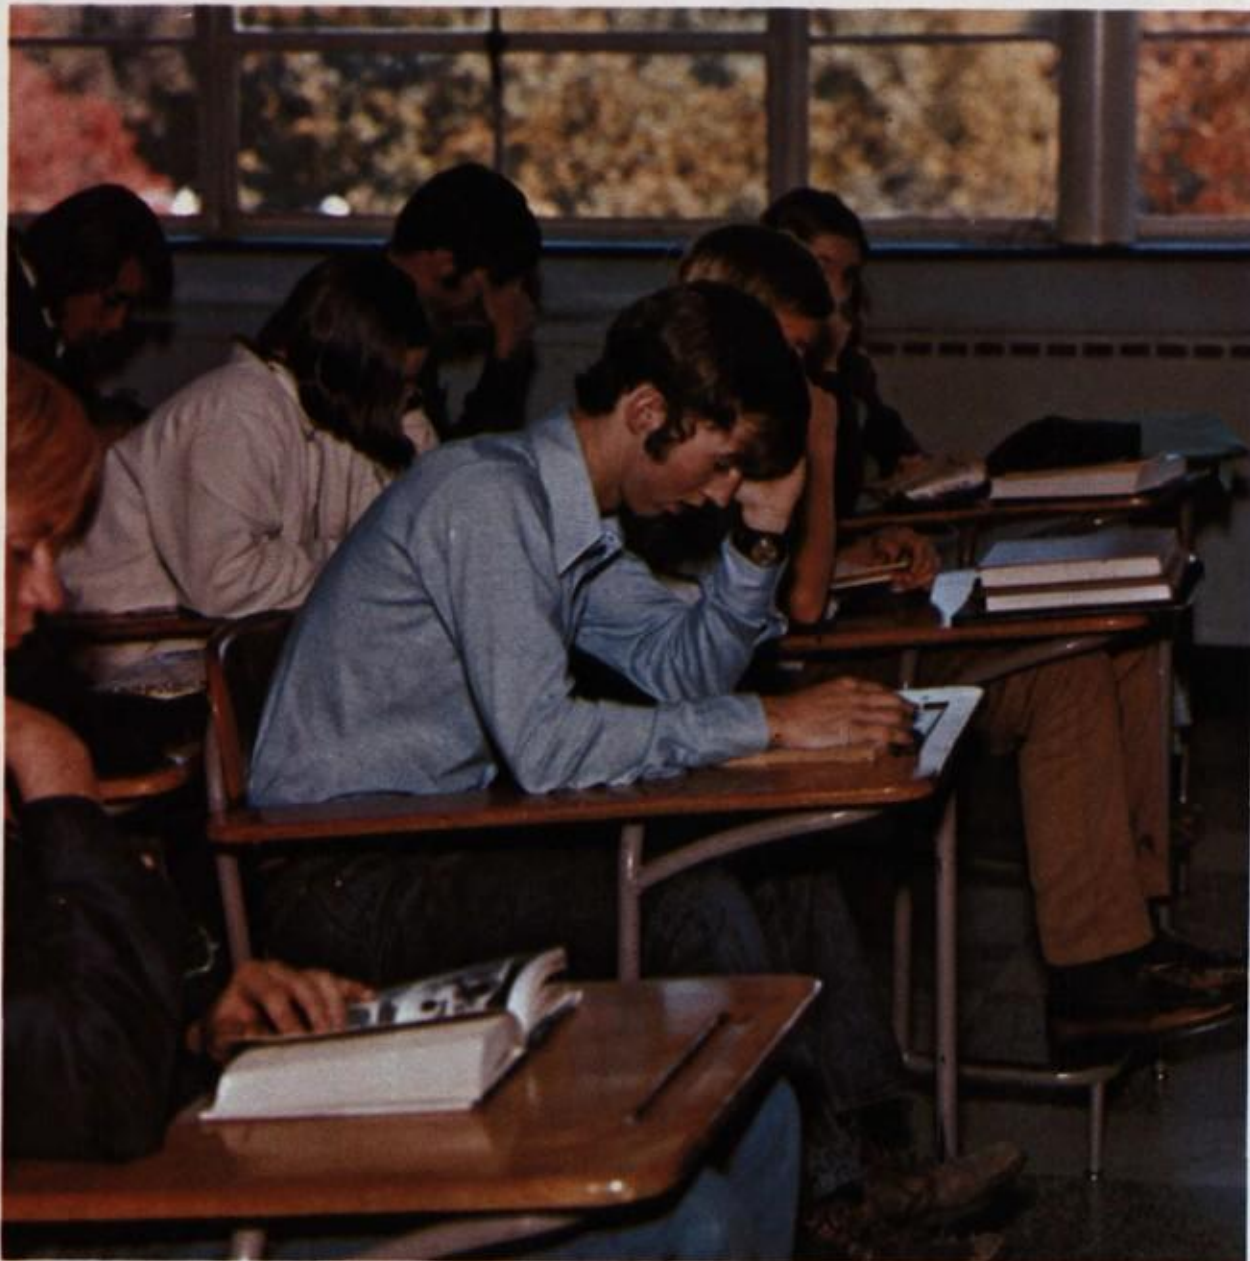

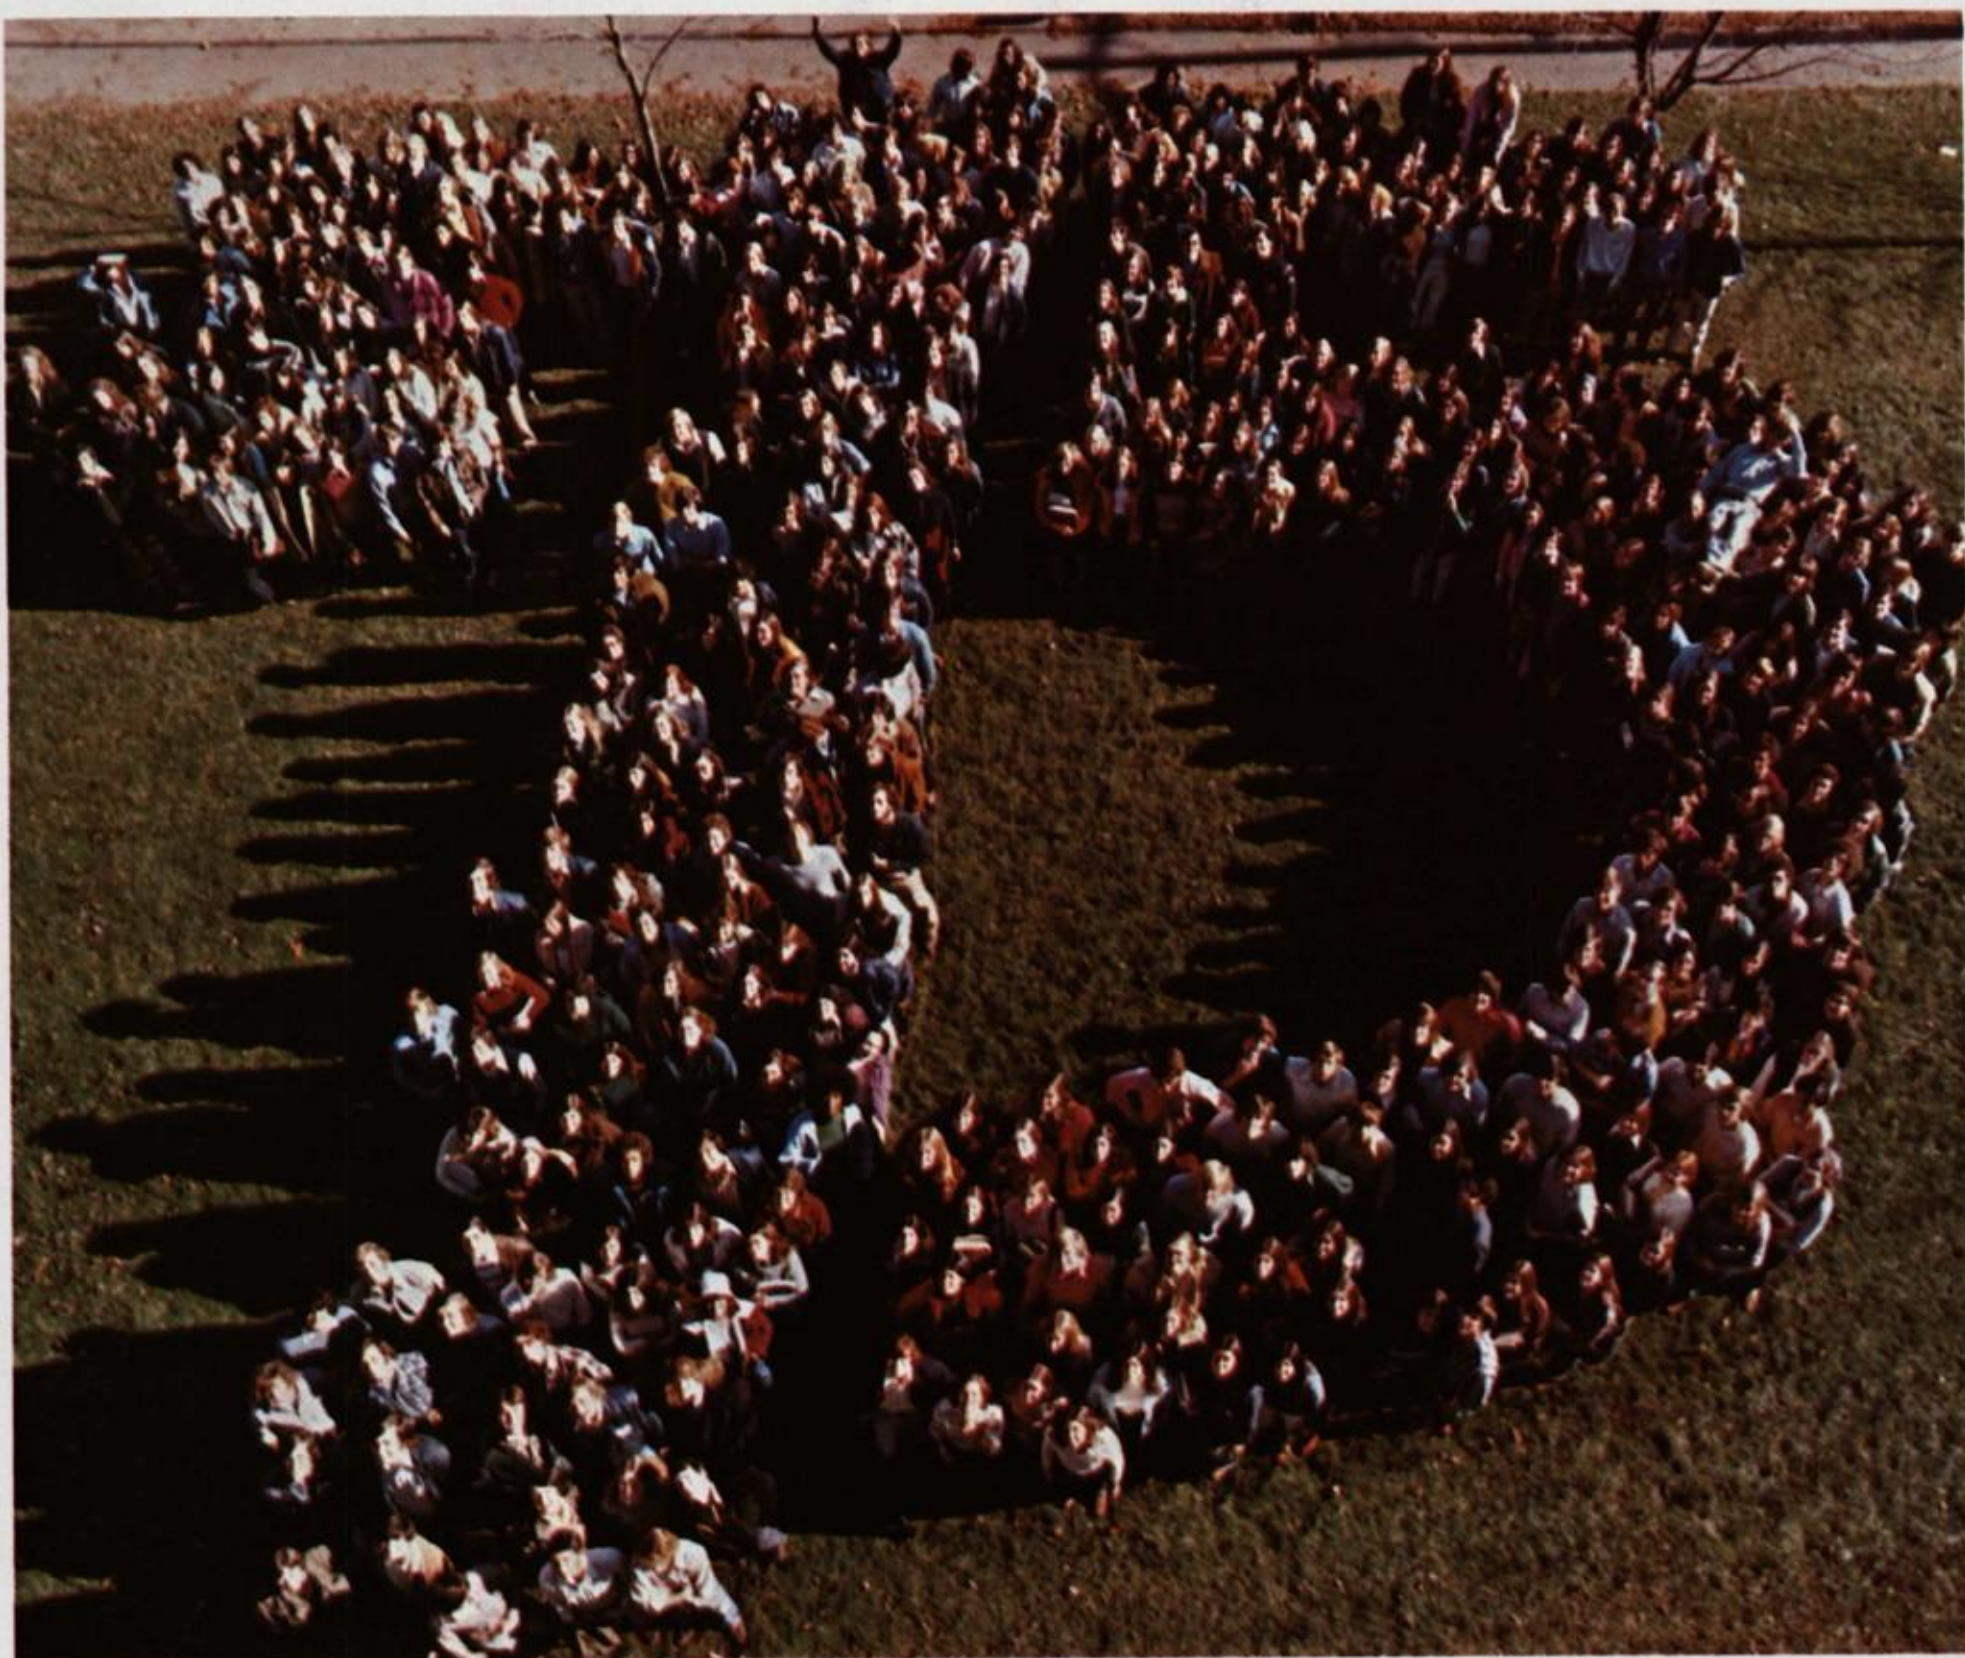

Time it was, and what a time it was,
 It was
 A time of innocence, a time of confidence
 Long Ago . . . it must be . . .
 I have a photograph.
 Preserve your memories; they're all that's left to you.

Compliments of Candy Cane Club

Time and life slip by;
I know I belong here
And it's too soon to go.
 But I'll holler good-bye
 Thank all those people I respect
 And love.
I'm gonna start down
 another new road,
Hope that everything is lucky
 for you and for me,
And convince myself that
 I'll see you all sometime, again.

It's Still a Beautiful World...

One of man's most awesome sights is the vision of our tiny planet Earth viewed from the dead crags of the moon. Depending on one's perspective this vision can represent hope or despair. We can bemoan the ills of the world and stop trying or look to its preservation as a challenge to our intellect and faith.

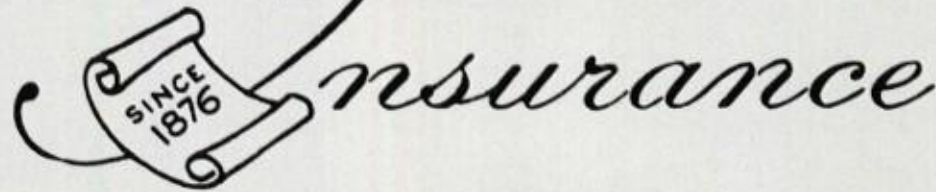

Our World

Meet it. Develop new ways to make it better. It's out there waiting for you.
